INSTITUTE FOR ADVANCE STUDIES AND COOPERATION

Dear Esteemed Colleagues, Partners, and Friends,

As we reflect on the recent conclusion of the World Changers Power Women's Summit, I am filled with immense gratitude and pride in what we have accomplished together. This landmark event, held on October 13, 2023, with press presentations and private museum tours on October 12, has proven to be a pivotal moment in our shared journey towards fostering leadership and advancing women's contributions to global progress.

The Summit provided a remarkable platform for dialogue and collaboration, uniting thought leaders and innovators from various fields to address the critical challenges and opportunities that lie ahead. The diverse and insightful discussions have illuminated the profound impact women can have in shaping our future across economic, environmental, technological, and societal dimensions.

Our gathering at the Pontifical Academy of Sciences was not just a celebration of women's achievements but also a call to action. The engagement and ideas shared at the Summit have underscored the importance of continued collaboration and commitment to driving

positive change. The insights gained and the connections forged are invaluable as we move forward with renewed purpose and determination.
The success of this Summit is a testament to the collective efforts and unwavering support of all involved. I extend my heartfelt thanks to each of you for your dedication and partnership. Your contributions have been instrumental in making this event a success and in advancing our shared mission of promoting equity, innovation, and sustainable development.

As we build on the momentum generated by the Summit, I look forward to the continued collaboration and progress that will shape our future. Together, we have set a powerful example of what can be achieved through unity and commitment.

Thank you once again for your support and involvement. Let us continue to work together towards a more inclusive and equitable world.

Warm regards,

Prof. Gabriele Pao-Pei Andreoli
